Request: The purpose of this 30-day filing is to implement certain intrastate (IURC) access revenue reductions for the Transitional Intrastate Access Service, as mandated by the FCC in the November 18, 2011 “USF-ICC Transformation Order.” The FCC Order adopts a transitional intercarrier compensation framework that reduces terminating intrastate access rates to parity with interstate access rates by July 2013. The instant filing represents the first step in this transitional process and reduces terminating intrastate access rates effective July 3, 2012, to achieve an aggregate decrease in intrastate access revenue of at least one half of the difference between the interstate and intrastate revenues received in 2011. These rate reductions apply only to rates charged to interexchange (long distance) carriers; they do not affect retail rates.
Retail Customer Impact: N/A
Tariff Page(s) Affected: IURC Tariff No. 3; various sheets.
Staff Recommendations: Requirements met. Recommend approval.
