Meth Submissions vs Meth Labs

While clandestine laboratories seizures have declined since 2013, samples of methamphetamine submitted to the Indiana State Police Laboratory system have risen.

According to MPH public data, there were 4,073 arrests for meth-related charges which accounted for 7.4% of all drug arrests in 2013. Of those, 22.3% were for manufacturing. In 2021, the same data source indicates 14,510 meth-related arrests accounting for 27.7% of all drug arrests. Of those, 2.1% were for manufacturing.
