About MPH

The Indiana Management Performance Hub (MPH) provides analytics solutions tailored to address complex management and policy questions enabling improved outcomes for Hoosiers. We empower our partners to leverage data in innovative ways, facilitating data-driven decision making and data-informed policy making.

We Are:

- A new concept to State government
- Fun, with a tech-start-up feel
- Trusted with high levels of responsibility
- Supportive and innovative
- Equipped with the latest tech

We Need:

- Motivated, creative solution builders
- Agile, adaptive self-starters
- Service-minded contributors
- Strong listeners/teachers
- Lifelong learners who thrive on new challenges

About the Research Residency Program

The MPH Research Residency program is an opportunity for academic organizations to:

1. **Support research initiatives** by allowing their researchers to provide subject matter expertise in identifying key solutions that are supported by restricted data.
2. **Support their researchers** by providing unique growth opportunities that allow the researchers to develop critical skill sets and understanding through access to otherwise restricted data.

The up to 24 month program allows the researcher to work directly with key State of Indiana staff members while gaining valuable hands-on experience through development and completion of special projects and initiatives.

Eligibility

This program is currently open to academic researchers within the following fields:

- Government Transparency
- Health
- Public Safety
- Education/Workforce
