

Department of Local Government Finance

Gateway Public Site and BudgetNotices.in.gov

Scott Maitland
Director of Information Systems

Scott Maitland

Serves as the Information Systems Director for the Department of Local Government Finance. I earned my Bachelor's Degree in Applied Computer Science from IUPUI in 2015.

Previously worked as a Programmer/Analyst within the Department during 2014 and 2015. My work included optimizations to BudgetNotices.in.gov, updates to Gateway's Budget Forms, and the development of the Date Entry for CNAV and Form 22 Application within Gateway.

When not working, Scott is cheering on the St. Louis Cardinals and Indianapolis Colts, playing chess, and spending time with his wife, Emily.

4

What is the Gateway Public Site?

The area on Gateway that does not require any credentials to access.

The Gateway Public Site contains data displayed in four main formats:

- Pre-Configured Reports
- Complete Data Sets
- Estimators/Calculators
- Other Tools

5

What is the Gateway Public Site?

- It is not the Indiana Transparency Portal (ITP) with the state employee salary search function.
- Most common question: “What is <insert IU Head basketball coach name> salary?”
 - Tom Crean \$3.15M
 - Archie Miller \$3.2M

Indiana Gateway for Government Units is the collection platform for local units of government to report financial data to the State of Indiana, as well as a public access tool for citizens. It represents a unique partnership between the State of Indiana and the Indiana Business Resource Center, with major support from the Department and voluntary support from the State of Indiana.

Participating local government units include the County Board of Local Government Finance, the State Board of Accountants, the Indiana Economic Development Partnership Board, the Indiana Gateway Commission and the State Auditor.

Report Search

Local governments are required to submit financial reports to the State of Indiana. A significant number of these reports related to taxing, budgeting and spending are now collected and available for public viewing through Gateway. Explore by unit or by report type.

Browse Reports Search by Unit Search by Address

Sorted by Report Type

- Annual Financial Report**
Annual reports provide the results and expenditures of each local government unit including income and expenditures for a 12-month period. The primary purpose is to assist in the auditing of government units.
- Assessed Value**
The Certified Market-Related Value (CMRV) data provides information on the tax base.
- Budgets**
Each local government unit with authority to levy a property tax must submit a budget for the coming calendar year to DLGF, which has the responsibility to review and certify budgets and set local sales tax rates.
- Collective Bargaining**
Each public sector employee is required to report on their collective bargaining with the Indiana Education Employment Relations Board. Gateway is now being used to collect and publish those data.
- Conflict of Interest Disclosure**
Public servants are required to disclose conflicts of interest to the State Board of Accountants.
- County Absentee Public Reports**
County auditors must conduct an annual review of property assessments, taxes, procedures and tax operations, as well as unpaid taxes, to the State Auditor.
- Debt Management**
Those units that the public have from local government debt has been issued, the year of interest to support the borrowing, the purpose of the borrowing, the amount borrowed, and the local outstanding amount.
- Economic Development Director**
The economic development agencies submit to quarterly and monthly
- Employee Compensation by Unit**
The County Board of Finance, Advisory, State and Compensation of Public Employees Panel. This provides complete and comprehensive information for public employees of state and local government.
- Entity Annual Report**
Financial reports from organizations that receive financial assistance from governmental services (Federal, State or local).
- Local Development Agreements**
Certain municipalities may have local development agreements with various groups in their area. These are reported to the Indiana Gaming Commission each year along with the annual delinquency.
- Property Tax**
Property taxes are a primary source of funding for local governments. These numbers reports provide an overview of the property taxes paid and distributed to the local government.
- Redevelopment Commissions**
Redevelopment Commissions are required to submit a report and standardized file based for review to DLGF. These reports are submitted to DLGF and available in the Gateway in the form in which they were submitted.
- School Extra-Curricular Accounts**
School expenditures over the report of local finances, receipts and expenditures for that extra-curricular accounts each fiscal year. This is used by DLGF to determine ability to open for extra-curricular accounts.
- Solid Waste Management Districts**
Solid waste management districts are required to submit financial and programmatic data.

Where is the Gateway Public Site?

- Within “Download”

The screenshot shows the 'Gateway' website interface. At the top, there is a navigation bar with 'Dashboard', 'Report Search', 'Download', 'Tools', and 'Learn More'. The main content area is titled 'Download Data' and includes a sub-section 'Finance and Budget Files'. This section has dropdown menus for 'Data Set' (set to 'Annual Financial Reports'), 'File' (set to 'Capital Assets'), 'Unit Type' (set to 'All'), and 'Year' (set to '2020'). A 'Download' button is visible below these options. Below this, there is a section for 'Documentation' with links for 'Annual Financial Reports File Layout' and 'Annual Data File Layout'. Another section, 'Property Files', has dropdowns for 'Data Set' (set to 'Adjustments'), 'Year' (set to '2018 pay 2019'), and 'Geography' (set to 'All'), with a 'Download' button. Below this, there is an 'About the Property Files' section and another 'Documentation' section with links for 'Property File Documentation' and 'File Layout'. The page number '9' is visible in the bottom right corner.

What type of data is available?

The Gateway Public site contains data from applications related to the following agencies:

- Department of Local Government Finance (DLGF)
- State Board of Accounts (SBOA)
- Indiana Education Employment Relations Board (IEERB)
- Indiana Gaming Commission (IGC)

Gateway Public Site – When

Three main ways that data is updated onto the Gateway Public Site:

- As information becomes available
- After a reporting deadlines passes
- After a completed compliance review by the Department
