## IN-ISAC

_____

Executive Branch Cybersecurity Outreach to Local Governments

# IN-ISAC Overview

We assist locals with cybersecurity challenges through direct assistance or by connecting them with helpful resources and information – issues big or small.

# IN-ISAC Services

- HEA 1169 Administration

- Distribute threat advisories, educational opportunities, other information

- Cybersecurity Awareness Training

- PU/IU Cybersecurity Risk Assessments

- SLCGP Administration

# HEA 1169

- Requires local governments to report cybersecurity incidents
- Objective - gain accurate information on the threats to local government information and operations
- Easy sign-up, easy reporting – cooperation has been terrific, looking for more sign-ups
- Categories for reporting:

| Ransomware | DDOS | Zero-Day Vulnerability |
|---|---|---|
| Software Vulnerability | Website Defacement | Business Email Compromise |

# HEA 1169 (cont.)

- BEC – most common
  - Payroll
  - Vendor
- Non-technical fix

# Awareness Training

- FREE KnowBe4 Service
- Leveraging the state's contract with a leading cybersecurity awareness vendor
- Each local government has their own environment separate from others
- Administration, use left to the locals, we can help if asked
- Capabilities
  - Training modules
  - Phishing simulation tool
- Contact us to take advantage

# Cybersecurity Risk Assessments

- FREE Cybersecurity Risk Assessments
- Partnership with Purdue University and Indiana University
- Sign up on our local government services site
- Answer a questionnaire with your team, meet with PU/IU officials to receive recommendations

# SLCGP (Federal Program)

- State is receiving $20M over the next 4 years to help local governments with their cybersecurity needs
- Created the SLCGP Planning Committee with local government officials and IT Directors
- Submitted our State Plan in April and just received approval
- Working on finalizing our projects (services) offered to local governments for free or reduced cost

# Regional Meetings & Town Halls

- July 21st – Kokomo
- July 25th – New Albany
- August 3rd – South Bend
- August 17th – Bloomington
- September 6th – West Lafayette
- September 8th – Carmel

- Town Halls hosted virtually every 2nd Tuesday of the month at 1pm EST

# Thank you for your time!
