ES&S programmed 14 of our memory packs for the optech-eagle incorrectly. This was discovered in our public test which they, ES&S, had caused us to postpone twice. It was finally carried out April 18.

Those 14 memory packs were sent, over-night, to Omaha to be reprogrammed. They did not return to Harrison County until April 29th. Harrison County is currently hand counting 16 precincts, the additional 2 by choice. That is a total of 3451 ballots if the scanner counted them all.

When we did receive the memory packs they came without an update for the computer program and consequently Election Night the computer would not read them.
