To Whom It May Concern:

Jackson County's 2006 Primary Election did encounter some difficulties with our voting system. The voting machines (Optical scan Eagle and the Ivotronic) did seem to perform well during the voting hours. The problem arose when the Memory Packs and the PEB's were trying to be read into our computer system. They would not read these packs. I was told by E.S. & S. that this was a software issue. This may have been a coding problem or some other issue. We got our totals by reading the tape totals from the Eagle and the Ivotronic. Needless to say it was a very late night as it was 4:29 a.m. when our summary report was printed.

Sincerely,

Sarah M. Benter
Jackson County Clerk
