

PARTICIPATING ENTITY AGREEMENT

INTRODUCTION

The Indiana Education Scholarship Account (INESA) is administered by the Indiana Treasurer of State (TOS), in collaboration with the Indiana Department of Education (IDOE). Parents of eligible students or emancipated students who participate in the INESA program may use scholarship money to purchase approved educational programs, therapies, services, tuition, fees, and other expense related to the student's education from approved INESA entities.

A student will be eligible if they meet specific eligibility requirements. An eligible student or emancipated student must meet the requirements of the INESA program at the time of application. Scholarship funds will be deposited to a parent or emancipated student INESA fund through a secure online portal. A parent or emancipated student utilizes the online portal to reimburse payments to participating entities for services delivered.

The following agreement is for participating entities requesting to participate in the INESA program. For additional information on the INESA program review the INESA handbook and information provided on the INESA [website](#).
