

# Driver Ability Program

Whether you are driving through the city or exploring a small town, driving on Indiana roads is a way of life for many Indiana Residents. The Indiana Bureau of Motor Vehicles wants to help Hoosiers throughout their life time and this means providing services for drivers of all ages and skill levels.

The Driver Ability Team at the BMV is tasked with investigating requests for review of Indiana drivers who may be showing signs of diminished driving skills.

## ABOUT THE PROGRAM

The Driver Ability team reviews written requests for driver ability reviews and initiates an investigation when certain qualifications are met. The investigation could result in the invalidation, revocation, or restriction of a driver's privileges, but it could also result in no change for a driver.

Review requests must be submitted in writing and can be submitted by any of the following:

- Medical Professionals
- Law Enforcement
- Court Officials
- Power of Attorney
- Family Members
- Any concerned citizen

***BMV Driver Ability is seeking physicians specializing in the following areas to help review casework for the Indiana Medical Board:***

**Low Vision Specialist, Internal Medicine, Neurologist, Geriatrics, and Psychiatrist**

## DUTIES

- Reviewing casework and submitting recommendations.
