Paper Recycling K-2 Grade

**Hi there, I'm Paper Guy
and I'm here to tell you all about me!**

Did you know that I am made from trees grown especially for papermaking. Paper is easy to recycle into new paper and it takes less energy to recycle paper than making brand new paper.

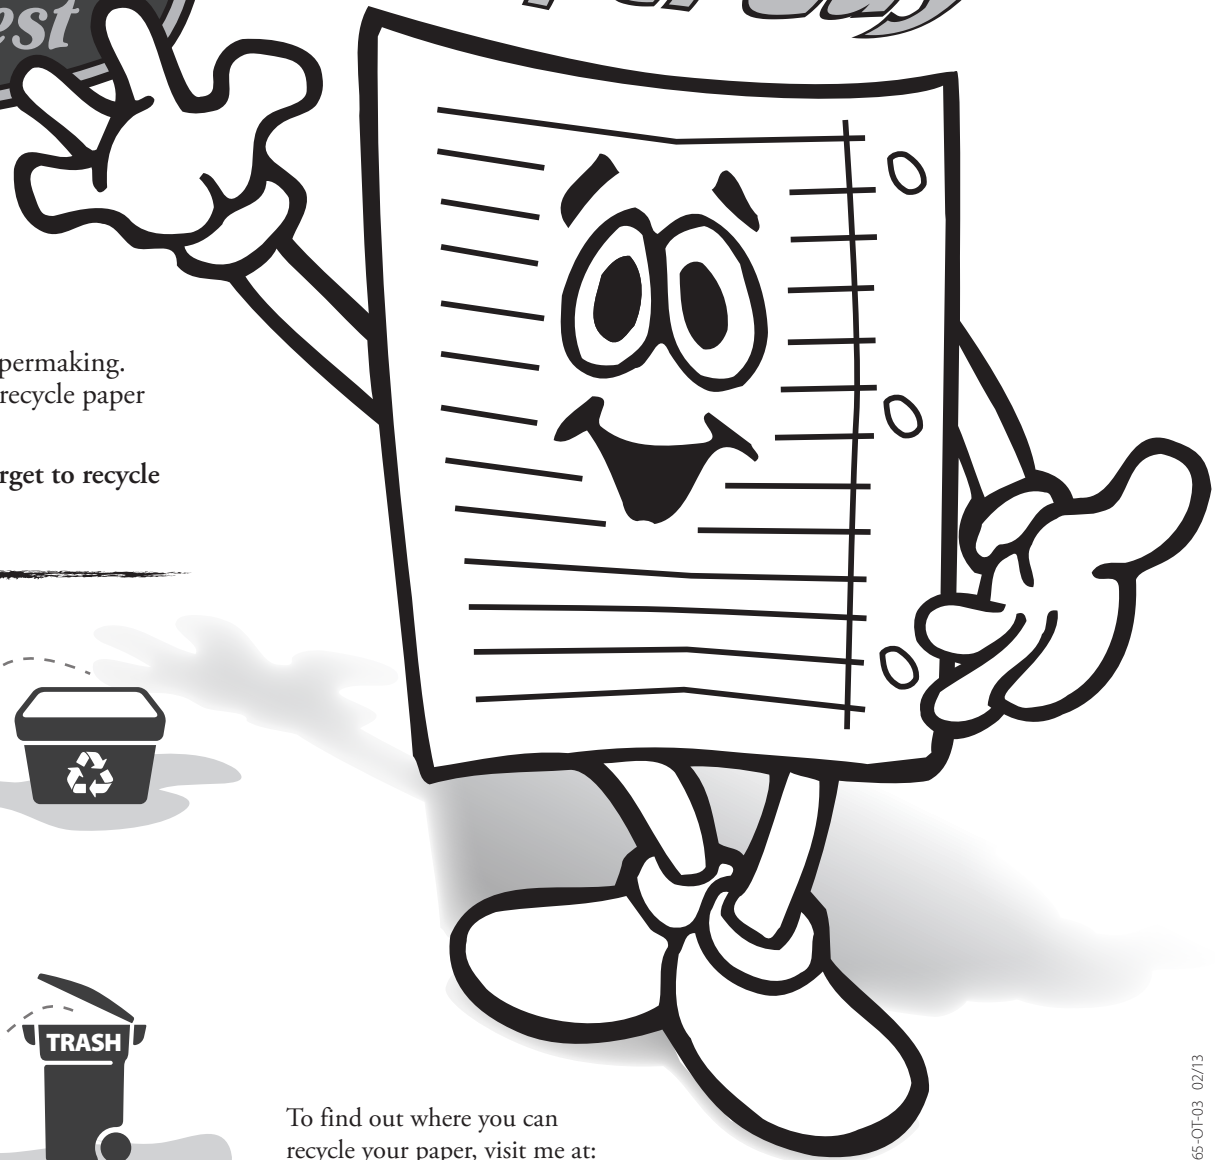

Now is a great time to clean out your desk and folders. Don't forget to recycle the paper you don't need any more.

Instructions:

Help paper guy make it to the recycle bin. Use a crayon to trace the path that helps Paper Guy reach the recycle bin, make sure you avoid things that could block his way.
