

	INDIANA DEPARTMENT OF CHILD SERVICES CHILD WELFARE POLICY	
	Chapter 10: Adoption	Effective Date: December 1, 2020
	Section 09: Pre-placement Visits/Adoption Transition Plan	Version: 3

STATEMENTS OF PURPOSE

The Indiana Department of Child Services (DCS) will develop an adoption transition plan and facilitate pre-placement visits between the child, the current caregiver, and the prospective adoptive family. DCS will provide (to the extent allowed by the court and the unique circumstances of each case) an opportunity for the pre-adoptive family and child to form a familial bond through visits, which will progress to include overnight and weekend visits based upon the age and needs of the child. For more information and resources about adoption transition planning, see the [Adoptive Placement Visitation and Transition Tool](#).

DCS will reimburse the licensed prospective adoptive parent for travel expenses incurred when the licensed prospective adoptive parent travels at least one (1) mile for pre-placement visits with a child and overnight visits are not included. Mileage will be paid starting at mile one (1).

DCS will pay the licensed prospective adoptive parent a per diem for each overnight pre-placement visit with a child. DCS will also pay properly claimed mileage incurred if the child's foster parent travels over 162 miles per month for the overnight visits.

Note: Pre-placement per diem for a licensed prospective adoptive parent would be paid through a global services referral in KidTraks. See policy [16.01 Clothing, Personal Items, and Permitted Per Diem Expenses](#) for additional information and details regarding travel expense reimbursement.
