PROCEDURE

When creating a Service Request the Hotline Intake Specialist (IS) will:
1. Gather and document as much information as possible about the child’s condition and the family’s issues;
2. Gather the family’s contact information, if known;
3. Create a Service Request Intake Report (SF 49548/CW0310SR) in MaGIK.
The Service Request Intake Report (SF 49548/CW0310SR) must be completed in MaGIK by the end of the worker’s shift;
4. Route the Service Request Intake Report (SF 49548/CW0310SR) to the Hotline Intake Supervisor for review and transfer to the DCS Local Office for follow up; and
5. Create an Information and Referral if appropriate.

The Hotline Intake Supervisor will review the information contained on the report and do one of the following:
1. Evaluate the information and approve the Service Request;
2. Override IS recommendation of “service request” and assign the report to the appropriate DCS local office for a CA/N assessment if the Hotline Intake Supervisor determines the circumstances meet the statutory definition of CA/N. Follow procedures in separate policy, 3.5 Supervisory Review of Child Abuse and/or Neglect (CA/N) Intake Reports; or
3. Send Information and Referrals (I&R) to the appropriate person.
