

MDwise Behavioral Health

Overview of the Indiana
Healthcare Programs
2011

MDwise overview

Not-for-profit serving low income Hoosiers

- Serves Hoosier Healthwise, *Care Select*, and Healthy Indiana Plan members
- 300,000 members across 3 lines of business
- Safety net approach – delivery systems
- 14 years of Indiana Medicaid experience
- Committed to serving the aged, blind, and disabled
- Successful in managing patient care, quality healthcare, and improving outcomes

MDwise Delivery System Model

MDwise HHW & HIP plans utilize a delivery system of care. MDwise members choose or are assigned to a PMP in one of the MDwise networks or delivery systems. For Behavioral Health, the MDwise delivery systems are responsible for:

- Claims payment
- Prior authorization of services
- Care/Case Management

INDIANA HEALTH COVERAGE PROGRAMS

Traditional Medicaid

Medicaid eligible members are placed in Fee for Service Medicaid pending their selection of a Managed Care Plan and Primary Care Provider for the Hoosier Healthwise program or their selection of a Care Management Organization and Primary Care Provider in the Care Select Program.

Hoosier Healthwise
(Managed Care Organization)
Low income pregnant women, children and families

Anthem **MDwise** Managed Health Services (MHS)

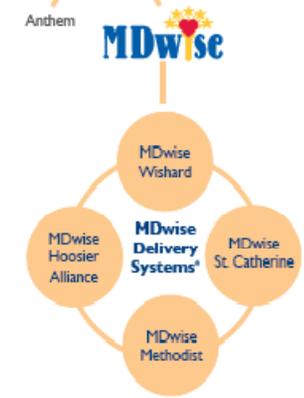

Indiana Care Select
(Care Management Organization)
Wards, fosters, aged, blind and disabled

ADVANTAGE Health Solutions™ **MDwise**

The Care Select program is a Disease Management Program rather than a Managed Care Model. Behavioral health providers participating in the MDwise Care Select program can see members as a result of having a provider agreement on file with HP.

Healthy Indiana Plan (HIP)
(Managed Care Organization)
Uninsured adults between the ages of 19-64

What is a Delivery System Model?

MDwise serves its HHW and HIP members under a "delivery system model." The basis of this model is the localization of health care around a group of providers. These organizations, called "delivery systems" are comprised of hospital, primary care, specialty care, and ancillary providers. To serve Medicaid clients in the HHW and HIP programs, behavioral health providers must be contracted as MDwise delivery system providers.

Providing Services to MDwise members

In order to ensure that you are reimbursed for therapy services you provide, you must:

- Be an IHCP Provider or receive supervision/bill under an IHCP provider (HSPP or MD)
- Check the members eligibility
- Request prior authorization for services

How to check eligibility

The most accurate way to confirm eligibility is to use one of the HP systems (e.g. Web interChange, Omni, AVR)

Before providing services, it is necessary to confirm:

- ✓ Is the member **eligible** for services today?
- ✓ In what **IHCP Plan** are they enrolled? (Hoosier Healthwise, Medicaid Select, Traditional Medicaid, or HIP)
- ✓ If the member is in Hoosier Healthwise, what MCE are they assigned to? (MDwise, Anthem, MHS)
- ✓ If a HHW or HIP member is with MDwise, determine what **delivery system** they are assigned to? In order to identify the member's DS, **log on to the MDwise Web Portal.**

Prior Authorization: HHW & HIP

Once you have determined what program the member is in and what MDwise delivery system for HHW or HIP members, use the Quick Reference Sheet find to find:

- Phone number & Fax number for prior authorization
- Claims address or EDI number

Please include the member's Medicaid # on the patient ID line.

Please include a DSM-IV axis I diagnosis. The primary diagnosis should not be a V code. You can use a provisional diagnosis. Also include a current GAF score.

It is a Medicaid requirement to notify the member's primary care physician (PMP) when a member begins treatment and when there is any significant change in their treatment. Please indicate whether you have contacted the PMP. If you have not notified the PMP, then you are not in compliance with Medicaid guidelines. The exception is if the member specifically requests that you not contact their doctor. Many providers send out a letter to the PMP when the treatment plan is updated every 60 days.

Please indicate what services you will be providing. Individual and family sessions are interchangeable; however group sessions must be requested separately. Ex. 6 - 90806/90846 and 8 - 90853. Provide an estimate of the number of sessions you anticipate will be required to alleviate acute symptoms of this course of treatment.

This should be the rendering provider's signature or an individual designated to sign on behalf of the rendering provider.

Behavioral Health Network Development:

MDwise has selected Behavioral Health Management, Inc. (BHMI)/InteCare, an Indiana based provider organization to develop the MDwise Behavioral Health Provider Network.

- Provider contracting
- Provider credentialing
- Provider education

Contracting

- To become a MDwise Behavioral Health provider, you must **first be an IHCP provider.**
- To become a MDwise provider:
 - *Contact BHMI/InteCare at: 1-866-323-3464 or 317-237-5770
 - *Tell them you are a DCS provider and are interested in becoming a MDwise contracted provider

InteCare website: www.InteCare.org

Address: InteCare

8604 N. Allisonville Road, Suite 325

Indianapolis, IN 46250-1546

Contracting

- If approved to become apart of the MDwise Behavioral Health Network, providers receive a contracting packet from InteCare to complete
- All licensed BH providers are credentialed by InteCare on behalf of MDwise. **Incomplete submission of credentialing information will slow the credentialing process*
- Once credentialed, a provider is considered to be an “in-network” provider and is eligible to serve members and file claims.
- Behavioral Health providers do not have to contract with a certain MDwise Delivery System. Once contracted with MDwise, you can see members from any of the MDwise Delivery Systems.
