

Share Your Blessings

Open Your Home and Your Heart, to a Foster Child

*The faith-based community has a long-standing history
of extending help to others during difficult times.*

*You can share your blessings with a family in need
by becoming a foster parent.*

Right now there are approximately 10,000 children in the Indiana foster care system. Foster parents provide a safe, nurturing, and stable environment for children who can no longer remain in their own homes due to the risk of abuse or neglect. This care is given with the intention of helping children safely reunify with their families.

By opening your home to a child during a difficult time in his or her life, you are provided with an opportunity to make our community a better place, one family at a time.

If you feel called to help a child, young adult, or sibling group in need, you can learn more about foster care by contacting the Indiana Department of Child Services (DCS):

Change a life... a child's and your own
