PART I.
FUNDING OPPORTUNITY DESCRIPTION

In accordance with Public Law 93-498, the Superintendent of the National Fire Academy (NFA) delivers training in cooperation with State fire service training agencies. This cooperation includes direct delivery of government-funded courses in the States; the distribution and sharing of student manuals, instructor guides and other course materials and funding to the States to help supplement and tailor their training delivery needs using NFA courses and programs.

The State Fire Training Assistance (SFTA) grants were established in FY2000 to provide direct training assistance to States to help bridge the training and competency gaps at the local level. Recognizing the challenges that the majority of States faced trying to meet their individual training mandates and prepare and respond to new and emerging training needs, the NFA developed this program to help supplement their resources.

Most recently, in FY2010 approximately 60,000 career and volunteer fire and emergency services personnel received the benefit of training through this direct grant program. Since each State has its own distinct training delivery needs, the SFTA grants provide the greatest amount of flexibility in terms of the broad range of course content and training delivery options that are made available. In FY2011, individual States will receive $26,000 to support their fire service training programs; of which $5,000 may be used for marketing and administrative support costs.

The purpose of this funding opportunity is to augment and provide support for the Nation’s 50 State Fire Training Systems in delivering training and education programs to the Nation’s fire and emergency services personnel. These grants provide for both monetary and technical assistance that helps States bridge the gaps in their training programs with the delivery of NFA training courses/programs and also for the associated marketing, administrative costs and electronic feedback of student data.

Funding will be provided to support local training initiatives of NFA courses within the following four categories:

A. Delivery of NFA shared State sponsored courses in State and the local surrounding areas. This includes a wide range of course materials from arson detection to fire prevention, leadership and health and safety.
B. Delivery of selected NFA 6-day and 2-day off campus courses. This includes specially selected course materials along with the use of approved NFA instructors.
C. Endorsement Program courses. This includes a wide range of course materials that were developed at the State/local level and that have been peer reviewed.
D. Chief Officer Training Curriculum. This curriculum includes a range of subject matter areas targeting chief officer competencies.

In the past, approved applications have included a work plan along with a narrative project description, a proposed training plan and cost estimates. The work plan will be used as a guide by the program office to approve/disapprove payment requests; therefore, this plan must be specific and must coincide with the amount of funding received for the project description.
Type of Award
FEMA anticipates awarding 50 grants to the State Fire Training Systems.

Authorizing Statutes

Period of Performance
The period of performance of this grant is 12 months. Extensions to the period of performance will be considered only through formal requests to FEMA with specific and compelling justifications as to why an extension is required.

Available Funding
In FY 2011, the total amount of funds distributed under this grant will be $1,300,000.

Estimated Funding: In fiscal year 2011, the Federal Emergency Management Agency received $1,300,000 for distribution to be used as grants to each of the 50 States for implementation of U.S. Fire Administration’s National Fire Academy (USFA/NFA) training courses and programs. Each State Fire Training System will receive a total of $26,000 with $21,000 to be used for delivery of NFA training programs and $5,000 for marketing, administrative costs, and electronic feedback of student data.
A. Eligible Applicants

The 50 State Fire Training Systems are the only eligible applicants. The Superintendent of the National Fire Academy (NFA) delivers training in cooperation with State fire service training agencies to States to help bridge the training and competency gaps at the local level. There are 50 State Training agencies and one award will be made to each.

B. Cost Sharing

There will be no cost sharing or match funding requirement associated with this opportunity.

C. Restrictions

This funding opportunity is restricted to the 50 State Fire Training Systems.

D. Other

National Incident Management System Implementation Compliance

In accordance with Homeland Security Presidential Directive (HSPD)-5, Management of Domestic Incidents, the adoption of the National Incident Management System (NIMS) is a requirement to receive Federal assistance, through grants, contracts, and other activities. The NIMS provides a consistent nationwide template to enable all levels of government, tribal nations, nongovernmental organizations, and private sector partners to work together to prevent, protect against, respond to, recover from, and mitigate the effects of incidents, regardless of cause, size, location, or complexity.

Federal FY 2011 NIMS implementation must be considered prior to allocation of any Federal awards in FY 2011. The primary grantee/administrator of FY 2011 State Fire Training Systems award funds is responsible for determining if sub-awardees have demonstrated sufficient progress in NIMS implementation to disburse awards.
PART IV.

2. Dun and Bradstreet Data Universal Numbering System (DUNS) number. The applicant must provide a DUNS number with their application. This number is a required field within [www.grants.gov](http://www.grants.gov) and for CCR. Organizations should verify that they have a DUNS number, or take the steps necessary to obtain one, as soon as possible. Applicants can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at (866) 705-5711.

### C. Anticipated Announcement and Award Dates

FEMA will evaluate and act on applications within 60 days following the close of the application period. Awards will be made on or before September 30, 2011.
PART VI.
AWARD ADMINISTRATION INFORMATION

A. Notice of Award

Upon approval of an application, the grant will be awarded to the grantee. The date that is done is the “award date.” Notification of award approval is made through the ND Grants system. Once an award has been approved, a notice is sent to the authorized grant official. Follow the directions in the notification to accept your award documents. The authorized grant official should carefully read the award package.

The period of performance is 12 months and begins on the Project Period/Budget Period start date listed in the award package. Any unobligated funds will be de-obligated at the end of the close-out period. Extensions to the period of performance will be considered only through formal requests to FEMA with specific and compelling justifications why an extension is required. All extension requests must be submitted to FEMA at least 60 days prior to the end of the period of performance and must address:

- Reason for delay;
- Current status of the activity/activities;
- Approved period of performance termination date and new project completion date;
- Remaining available funds, both Federal and non-Federal;
- Budget outlining how remaining Federal and non-Federal funds will be expended;
- Plan for completion including milestones and timeframes for achieving each milestone and the position/person responsible for implementing the plan for completion; and
- Certification that the activity/activities will be completed within the extended period of performance without any modification to the original Statement of Work approved by FEMA.

B. Administrative and National Policy Requirements

The recipient and any sub-recipient(s) must, in addition to the assurances made as part of the application, comply and require each of its subcontractors employed in the completion of the project to comply with all applicable statutes, regulations, executive orders, OMB Circulars, terms and conditions of the award, and the approved application.

1. **Standard Financial Requirements.** The grantee and any subgrantee(s) shall comply with all applicable laws and regulations. A non-exclusive list of regulations commonly applicable to DHS grants are listed below:

   1.1 – **Administrative Requirements.** The administrative requirements that apply to most Department of Homeland Security (DHS) award recipients through a grant or cooperative agreement arise from two sources:

Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

1.2 – Cost Principles. The requirements for allowable costs/cost principles are contained in the A-102 Common Rule, OMB Circular A-110 (2 CFR §215.27), DHS program legislation, Federal awarding agency regulations, and the terms and conditions of the award. The four costs principles circulars are as follows:

- OMB Circular A-21, Cost Principles for Educational Institutions, relocated to 2 CFR Part §220.
- OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations.

1.3 – Audit Requirements and other Assessments

1.4 – Duplication of Benefits. There may not be a duplication of any Federal assistance by governmental entities, per 2 CFR Part 225, Basic Guidelines Section C.3 (c), which states: Any cost allocable to a particular Federal award or cost objective under the principles provided for in this Authority may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the Federal awards, or for other reasons. However, this prohibition would not preclude governmental units from shifting costs that are allowable under two or more awards in accordance with existing program agreements. Non-governmental entities are also subject to this prohibition per 2 CFR Parts 220 and 230 and 48 CFR Part 31.2.

To allow follow-up on A-133 audit findings or to test operational procedures safeguarding Federal funds, the grantee or sub-grantee must give FEMA or any authorized Federal representative access to all books, records, and related documents supporting the management and use of these grant funds.
