PROPOSED CODE CHANGE (Check One)		
<input checked="" type="checkbox"/> X Change to read as follows <input type="checkbox"/> Add to read as follows <input type="checkbox"/> Delete and substitute as follows Delete without substitution		
<p>Carry forward the amendment to the 2003 code</p> <p>Also add exception to measure the height from the floor instead of the threshold for sliding doors.</p>		
REASON AND FISCAL IMPACT		
<p>Due to the height of the track on sliding doors most people do not step on the threshold. Building the steps using the threshold makes for a set of steps that feels strange to walk.</p> <p>Should have no fiscal impact because it does not require more than previously required</p>
