

Equipment Checklist

Recommended Individual Equipment

Successful and efficient inspections require the availability of essential equipment for inspectors. Each IN-SAVE volunteer is asked to bring with them as many of the below personal items as possible. Replacement of lost or damaged equipment will be the responsibility of the requesting state or local jurisdiction. Each person is urged to have these items readily available on short notice. Special circumstances and personal preferences may dictate other choices to the following suggested items.

To Go Kit (to be provided by IDHS)

IN-SAVE I.D. card and drivers license	ATC-20 field manual
