We have established an email address for PSID questions – psidquestions@dhs.in.gov A Staff Member is assigned to respond to that email daily.

If you use this email address you will get a timely, written response.

If you are a medical person who needs certification and are waiting for your printed certificate(s), email us at psidquestions@dhs.in.gov and we will get you a response so you can take a letter to your employer showing you are certified.

Thank you – for your patience in working with our new PSID
