### Skills Evaluation Checklist

**Objective 25:** Make the flat hose load.

Task Steps		Yes	No
1.	Inspect the hose and hose couplings for damage.		
2.	Place first coupling at a front corner of the hose bed.		
3.	Lay the hose flat in the hose bed in a front-to-back fashion.		
4.	Fold the hose back on itself (make a loop) and lay the hose in the opposite direction. Repeat until hose covers the bottom of the hose bed.		
5.	Start second layer repeating Steps 3 and 4. Repeat until all hose is loaded.		
6.	Finish hose load with donut roll or other finish as required by local protocol.
