You ready for this?

### **THIS CLASS IS NOT EASY.**

This is not a "vacation"; It is not a "review of EMT class," in fact, students commonly refer to this as one of the most challenging classes they have attended, yet one of the most fulfilling. The information will not be just given to you. You will have to work hard for these eleven weeks. **(YOU CAN DO IT!)** ☺

If being an advanced EMT is your desire, we would like to extend this offer for you to join us for an exciting, intensive, fun-filled class guaranteed to increase your knowledge and skills.

We look forward to hearing from you. If you have any questions please feel free to call me personally. Thanks!
