## *Fire Operations in the Wildland / Urban Interface (S-215)* **Course Announcement**

The Division of Forestry's Fire Control Headquarters will be conducting a **Fire Operations in the Wildland / Urban Interface (NWCG S-215)** training course in cooperation with Ogden Dunes Vol. Fire Department and the Indiana Dunes National Lakeshore with partial funding from a US Forest Service Hazard Mitigation Grant. The course is designed to assist structural and wildland firefighters who will be making tactical decisions when confronting wildland fire that threatens life, property and improvements in the wildland / urban interface. The instructional sections and field exercises that are incorporated into the course are taught to National Wildfire Coordinating Group (NWCG) Standards and include:

- Strategy and Tactics
- Structure Triage and Assessment
- Engine Operations
- Public Relations
- Firefighter Safety

### Target Audience

- Structural Fire Departments: This training is appropriate for firefighters, engine operators, line officers, and chief/command officers responsible for wildland operations and/or structure protection in suburban and urban interface areas that may be threatened by wildland fire.
- Wildland Fire Agencies: This course is required training for NWCG Initial Attack Incident Commander Type 4 (ICT4) and Strike Team Leader.
- Additionally, leaders from municipal planning, law enforcement and emergency management disciplines may find value in this course.
