| | | | | | |

Estimated 2023 Levy: 25,896

The figures contained above are estimates only. The actual values will be computed during the Department's budget review. Taxing units are legally obligated to fulfill their debt obligations, regardless of these estimates or the Department's levy certification.

Summary of Significant Assumptions

1. To compute these estimates, the Department used the Pre-Budget Debt Worskheet submitted by taxing units during spring 2022. Data entered on these lines was used to compute estimates for Lines 15, 5, and 18. The reliability of these figures may be impacted by data entry errors on the Pre-Budget Debt Worksheet.

2. To estimate the 2023 levy for debt service funds, the Department is using the estimated cash balance submitted by taxing units as part of the Pre-Budget Debt Worksheet. For purposes of these estimates, the Department assumes that the miscellaneous revenues in 2023 will match those used as part of the 2022 certified levy calculation. Actual miscellaneous revenues are likely to differ and may impact the actual debt service levy.
