This is a follow up to an email sent to Vicki Saunders, Hancock County Auditor. She is currently out of the office on medical leave. I am her chief deputy and I am following up. As I understand it CAMA is part of the package our Assessor's office has with Manatron as part of the Pro Val package. Contracts would have been a part of their Pro Val contracts.

If you do not find this information or need anything additional, please feel free to contact me, Trish Holliday either via email or at the Auditor's office at 317-477-1169.

Thank you!!

Subject: DLGF Contract Request Follow-up

Auditor Saunders,

Thank you for your timely response to our request for information regarding your current contractual obligations related to your property tax management and the associated GIS, Analytics, Reporting, Document Management, and Maintenance/Support obligations.

However, we did not receive a CAMA contract or the associated expenditures by vendor for the years 2005, 2006, and 2007. We request a copy of this documentation.

Also, if your county has future plans for any system implementations or upgrades, please inform us and provide a copy of the appropriate documentation.

Finally, please confirm that we have recorded your contractual obligations correctly on the attachment, including any recurring annual maintenance agreements, by responding to this e-mail.

Under the state's Access to Public Records Act (APRA), a county must

provide to "any person," including the Department of Local Government Finance (Department), at least one copy of a requested "public record" if the county has "reasonable access" to a copier. The county is then required to mail at least one copy of the public record to the Department. Indiana Code section 5-14-3-8(e).

A "public record" is defined as "any writing, paper, report, study, map, photograph, book, card, tape recording, or other material that is created, received, retained, maintained, or filed by or with a public agency [i.e., a county] and which is generated on paper, paper substitutes, photographic media, chemically based media, magnetic or machine readable media, electronically stored data, or any other material, regardless of form or characteristics." Indiana Code section 5-14-3-2(m).

Thank you for your attention to this important matter. I look forward to receiving the requested information at your earliest convenience. If you have any questions, please feel free to e-mail me at this address or call me at (317) 269-2368.

Thank you.

Andrew Holloway
