

PROPOSAL

July 17, 2007

Prepared for:

Jasper County, Indiana

To Provide:

**Property Record Card Display Option
Integrated into the
Jasper County MapServer System**

OVERVIEW

Jasper County, Indiana (the "Client") requires GIS and/or mapping related products and services. WTH Technology, Inc. (the "Company") is a provider of such products and services. This proposal defines the scope of products and services to be offered by the Company and the compensation to be paid by the Client.

DESCRIPTION OF PRODUCTS AND SERVICES

Custom Property Record Card Linking to the MapServer Site

The Client has requested this proposal for the creation of an ability to link and view the Property record cards of Jasper County through the existing web mapping system. It has been determined that the Manatron's App 305 in conjunction with the Adobe Professional software can batch create PDF files for each property listed in ProVAL, each file being named using the Property Identification Number. Jasper County will create a folder on their locally managed web server and deposit there all the PDF files created in the previous process.

In order to facilitate the creation of the PDF files to be used in this process, Jasper County will purchase a version of Adobe Professional Software version 8.0.

The Client will provide a computer server capable of archiving and serving the property card data on the web. Using the Client provided URL, the Company will create the software protocol to access the property card PDF files and link the files to the existing MapServer program and maintain that linkage to the property card data hosted on the Client's server.

GENERAL TERMS

Entire Agreement – This Agreement represents the entire agreement between the Client and the Company.

Governing Law – This Agreement shall be interpreted in accordance with the laws of the State of Indiana.

Severability – In the event that any provision or portion of this Agreement shall be determined to be invalid or unenforceable for any reason, the remaining provisions of this Agreement shall be unaffected thereby and shall remain in full force and effect.

Amendments – This Agreement may be amended or modified only by the mutual written agreement of the Client and Company.

Notices – All notices, requests, demands, claims, and other communications hereunder will be in writing. Any notice, request, demand, claim, and other communication hereunder shall be deemed duly given if it is sent by registered or certified mail, return receipt requested, postage prepaid, and addressed to the intended recipient as set forth in the Signature Page of this Agreement.

Signing in Counterparts – This agreement may be executed in any number of counterparts and by different parties in separate counterparts. Each counterpart when so executed shall be deemed to be an original and all of which together shall constitute one in the same.

Agreement Term and Renewal – This Agreement shall become effective for the Client and the Company at such time that the Client and the Company signs this Agreement and shall remain in effect through the one year anniversary of this Agreement. This Agreement shall automatically renew itself for succeeding one-year terms for the Client and the Company, unless that Party delivers a written Notice of Intent to Not Renew at least 60 Days prior to the one-year expiration date of this Agreement.
