Andrew

I apologize for the delay in the response to your e-mail. The letter got buried and I have been out of the office this week. I am sending you copies of the contracts and documentation of what was paid to each vendor. The Manatron contract included financials until June 2003 and that is when Harris became a vendor as well. We did not actually sign a contract with Harris as nothing in our office changed other than the financial software billing then came from Harris.

If you have any other questions, feel free to ask.

Sincerely,
Diann Mathers

Orange County Auditor
