FAX (317) 232-8779

February 6, 2009

The Honorable James Carmichael
Delaware County Assessor
100 W. Main Street, Room 101
Muncie, IN 47305

Dear Mr. Carmichael:

RE: 2008 Annual Adjustment Ratio Study

The Department of Local Government Finance has reviewed the information and data you originally submitted for the Delaware County 2008 ratio study as well as the supplemental information. The Department hereby approves the ratio study results based on the study presented without verifying the actual data in order to allow the preparation and delivery of the real property list to the County Auditor pursuant to IC 6-1.1-5-14.

Further studies may be warranted in order to ensure that the annual adjustment process was followed. Additionally, we would encourage you to use all possible sales, which lend greater validity to the sales ratio study.

In conjunction with our Data Analysis section, please continue to ensure your sales disclosure file database is compliant. For assessment year 2009, your 2007 and 2008 sales disclosure data files must be compliant with the rules of the DLGF.

If you have any questions or concerns, please feel free to contact Barry Wood, the Assessment Division Director, at (317) 232-3762 or by e-mail at Bwood@dlgf.in.gov.

Sincerely,

Timothy J. Rushenberg
Commissioner

Date: September 9, 2008
Barry Wood
Director, Assessment Division
Department of Local Government Finance

Dear Mr. Wood

Attached is the Delaware County Equalization Study of the updated 2008 assessments. This study is in Excel format and includes DLGF required data and statistical calculations by class and Township.

In addition to the DLGF required data and calculations, we have included assessment data at the time of sale and statistical calculations for that data. AV Land, AV Improvements and Total AV represents assessments of the property at time of sale, while Trended Land, Trended Improvements and Trended Av represent trended valuations once the update factors are applied. Where necessary, property data has been corrected and these corrections are reflected in both the previous year as well as the trended assessments.

Equalization studies are included for vacant and improved residential classed properties for each Township, excepting vacant residential land in Union and Perry Township. There was no sales data available for unimproved residential classed properties in those townships. Equalization studies are included for vacant and improved commercial and Center Township. Due to limited sales data, equalization studies for the balance of the County of vacant and improved commercial classed properties have been incorporated into one County-Wide study and Equalization studies for improved industrial property have been incorporated into one County-Wide Industrial Study which does include Center Township. There were no sales for vacant industrial land.

In addition to the Sales Comparison Study, a Cost Approach to Value was calculated commercial and industrial classed properties. Commercial and Industrial Cost tables in the County CAMA System were updated using cost indices developed from the Marshall & Swift Commercial Valuation Manual to reflect square foot costs for Muncie Indiana as of January 1, 2006 and then adjusted to the current year. The cost approach was

calculated using existing property data. Where no or inadequate sales data available the cost approach was used to determine the 2008 assessment.

Trend factors for residential and agricultural classed properties were determined using sales data. Factors were determined for both land and improvements. For neighborhoods with no sales data, trend factors were based upon comparable neighborhoods or averages for the township.

The Delaware County IT Department is developing a workbook listing 2007 and 2008 assessed values for all classes of real estate by parcel I.D. along with neighborhood codes and property class. This workbook will be submitted when completed.

Should you or your staff require additional information please contact our office.

Sincerely

James Carmichael
Delaware County Assessor
