1. Populate the fund's June 2016 property tax distribution.
2. Subtract the June 2016 property tax distribution from the Starting Levy for Line 7 amount in order to arrive at the Estimated Line 7 for 2017.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by multiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, School Capital Projects Fund and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.
