# NASHVILLE'S ONLY GUEST RANCH

## LODGING

Rawhide Ranch has two facilities, the Buck Inn and the Ranch House.

The Buck Inn is an 11 room hotel set in the second story of a 32 stall horse barn. We are not talking about a hay loft. The inn is "classic rustic" through out with common gathering areas that lend themselves to the old west parlors.

The Ranch House is a rustic and very comfortable home with 3 bedrooms, 2 baths, full kitchen, laundry room, wood burning fireplace, large decking and a private fire pit.

## What is a guest ranch?

A guest ranch offers you a taste of the dude ranches out west without mortgaging your home to pay for it and breaking your gas budget.

You are not set on any schedule and allowed to come and go as you please.

Guests who want the full experience are more than welcome to help us with the horse chores. We will even let you shovel, if you wish.
