Posted Areas

In addition to state fish and wildlife laws, this property is governed by posted regulations affecting the public use of lands and facilities owned, leased or licensed by the Department of Natural Resources.

RULES AND REGULATIONS

Atterbury Fish and Wildlife Area, a portion of the former Camp Atterbury, was acquired by purchase in March 1969 from the Government Services Administration and through the Federal Lands to Parks Program. Wildlife management efforts began immediately on the initial 5,400 acre tract. The National Guard and Army Reserve units. In 2010, DNR deeded 1,250 acres to the National Guard to meet its military mission needs and acquired in exchange more than 1,900 acres to create Deer Creek FWA in Putnam County.

HISTORY

Atterbury State Fish and Wildlife Area is dedicated to providing quality hunting and fishing opportunities while maintaining 4,950 acres of upland game habitat, marsh, running creeks and shallow impoundments.

FUNDING FOR FISH AND WILDLIFE

The DNR Division of Fish & Wildlife sells hunting, fishing, and trapping licenses. All revenue is used for managing fish and wildlife resources in Indiana. No license money goes into the state general fund.

The Division also receives money from the federal Sport Fish and Wildlife Restoration programs (sometimes referred to as Dingell-Johnson and Pittman-Robertson funds). The funds are derived from excise taxes levied on sporting arms and ammunition, bows and arrows, fishing equipment and motor boat fuel. The funds are then returned to state fish and wildlife agencies using a formula that in part is based on the number of fishing and hunting license buyers.
