ATTRACTIONS

NATURAL FEATURES—

A small but unique wilderness park.

The park is located 10 miles south of Indianapolis, at the north end of Potato Creek State Park. It is accessible from Indiana 100 and Indiana 325.

The park consists of several different areas:

1. A 3.3-mile paved trail with a variety of natural features, including forests, streams, and wetlands.
2. A nature center with an observation deck and a boardwalk.
3. A picnic area with tables, grills, and restroom facilities.
4. A campsite area with tent and trailer sites, and a primitive cabin.
5. A fishing lake with boat ramps, docks, and fishing equipment rentals.
6. A swimming beach with a lifeguard station.
7. A nature trail with interpretive signs and wildlife observation.

TIPS FOR VISITORS

1. Be prepared for changing weather conditions.
2. Use sunscreen and wear long sleeves.
4. Follow the park's rules and regulations.
