This will be 1 of 4 events happening this weekend at Harmonie State Park. The event will be an CITO event to help clean up one of the hiking trails and help beautify the park. We will meet at the campground overflow parking lot at 9:30 am CST and end somewhere around 11:00 am CST. We will be leaving the parking lot and heading out on Trail 2, then jump off it and take a short hike over to the Wabash River, before returning to Trail 2 again, then back to the campground. The trail is about 1.5 miles and classified as moderate, then roundtrip back to parking probably 2 - 2.5 miles.

We will have leather gloves and trash bags. There is camping available (only modern, electric) and cabins for rent (if any are left) or the New Harmony Inn a few miles north if you like it cushy.. your choice, just come on out and see something new, grab some new counties and make some new friends.

Come out and make this a fun and successful weekend. Hope to see you there!

Spring into Geocaching 2016

Hosted by: TeamWildeman

Event Date: 05/07/2016

Terrain: ★☆☆☆☆

This event will meet at the Nature Center and begin promptly at 3pm CST and will end approximately 5:30 pm, with prize drawing as close to 5 pm as possible. This will be a combination of a Poker Run and a skills challenge while touring the park. There will be 5 stations to visit (driving) where you will draw one card at each station. BUT, before you can draw you must complete a challenge. These challenges will come easily to you because they are geocaching skills or just plain silly and will need to be completed by each participant with a game card. Your playing card will be written down by the attendant and there will be prizes at the end for the best poker hand(s) and probably the worst, too! It'll be way fun and FREE!

Special thanks to hoosierguy, our own Dwayne Caldwell, for helping me out the last few years because I wasn't confident enough to try it on my own.
