**WHITEWATER  
MEMORIAL  
STATE PARK**

Whitewater Memorial State Park was established in 1949 as a living memorial to the men and women who served in World War II. It is the result of a community effort in which Fayette, Franklin, Union and Wayne counties joined together to acquire the initial acreage, which includes wooded rolling hills, steep ridges and ravines, in addition to level, open fields and a man-made lake.

Hornbeam Nature Preserve, within the park, includes an unusual number of hornbeam and hop hornbeam trees. In spring, the forest is covered with a dense carpet of wildflowers.

Please carry out all trash you produce in order to keep your park clean and beautiful for others to enjoy!
