The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of $0.10 per 8 1/2" X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.
Application #: FW-27941

Stream: St. Joseph River

Applicant: City of Fort Wayne Public Works
Mario A Trevino
200 East Berry Street, Suite 210
Fort Wayne, IN  46802

Description: Widening of an existing street is proposed. Specific project information will be added to the description as the application is further reviewed. Details of the project are contained in information and plans received at the Division of Water on April 13, 2015.

Location: Beginning approximately 2,200 downstream of the Parnell Avenue crossing and extending 670' downstream near Fort Wayne, Washington Township, Allen County SW¼, Section 25, T 31N, R 12E, Fort Wayne West Quadrangle
Quad Code: 4108512
UTM Coordinates: Downstream 4552255 North, 656806 East

Statute/Rule: Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
Application # : FW-27955  
Stream : White River  
Applicant : Indianapolis Power and Light Company  
          Jeffrey A Harter  
          6925 North State Road 57  
          PO Box 436  
          Petersburg, IN 47567  

Description : Maintenance dredging will be done at two (2) water intakes using a dragline or hydraulic dredge. Approximately 3,000 to 4,000 cubic yards of accumulated sediment will be removed. Excavated material will be used as a cover material in the plant's scrubber sludge landfill or disposed of in the station's water treatment system (ash pond). Details of the project are contained in information and plans received at the Division of Water on April 28, 2015.  

Location : At the Petersburg Generating Station; Site #1 is located on the White River and Site #2 is located within the plant's discharge canal  
          DOWNSTREAM: near Petersburg, Washington Township, Pike County

**Application #**: FW-27995

**Stream**: St. Joseph River

**Applicant**: Gary and Michelle Yoder  
55524 Riverview Manor Drive  
Elkhart, IN  46514

**Description**: A new Glacial Stone seawall will be installed along 65' east/west bank of the river to deter bank erosion. The new wall will be approximately 3' high, as measured from the riverbed and will have the same alignment as the existing bank. Details of the project are contained in information received electronically at the Division of Water on May 21, 2015 and in plans and information received at the Division of Water on

**Location**: 55524 Riverview Manor Drive  
near Elkhart, Cleveland Township, Elkhart County

**Statute/Rule**: Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
### Application #
- FW-27996

### Stream
- Fishback Creek

### Applicant
- Pulte Homes of Indiana
  - Matthew D Lohmeyer
  - 11590 North Meridian Street, Suite 530
  - Carmel, IN  46032-6970

### Description
- A roadway improvement consisting of an asphalt pavement overlay, widening and stone shoulder added to the existing CR 500 South stone roadway along the south overbank of Fishback Creek. Improvements are along the frontage of a new subdivision to be developed landward of the floodway. The overall improved roadway is 1,885 linear feet by 25 feet wide (typ) along the subdivision frontage, of which 250 feet is located within the floodway. The roadway is set back a minimum 106' +/- from the top of the streambank and will have a finished elevation 4.5" (typ) with limited instances of up to 14" above existing ground elevations. The fill will have maximum 3 to 1 sideslopes from the finished elevation down to the existing ground elevations. Details of the project are contained in information received electronically at the Division of Water on May 22, 2015 and in plans and information received at the Division of Water on

### Location
- Along the right (south) overbank, beginning approximately 3,650 feet upstream of the CR 500 South stream crossing near Whitestown, Eagle Township, Boone County
  - Section 31, T 18N, R 2E, Zionsville Quadrangle
  - Near Whitestown, Eagle Township, Boone County
  - Section 31, T 18N, R 2E, Zionsville Quadrangle
  - Quad Code: 3908683

### Statute/Rule
- Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
Application #: FW-27997

Stream: Muddy Fork Creek

Applicant: Indiana Department of Transportation
Sandra A Bowman
100 North Senate Avenue, Room N642
Indianapolis, IN 46204

Description: As part of the I-65 added travel lane project (DES No 1400597), the existing three-span reinforced concrete twin structures will be widened by approximately 40 feet. The existing piers will be widened and riprap will be placed around the piers and along each abutment spill slope. The riprap will match existing elevations. Coffer dams will be utilized during the widening of the piers, and a temporary causeway will be required to facilitate demolition. There will be no trees larger than 10" removed from the site. Details of the project are contained in information and plans received at the Division of Water on May 19, 2015.

Location: At the I-65 crossing over the stream, approximately 0.90 miles South of Perry Crossing Road
near Sellersburg, Silver Creek Township, Clark County
Clark Military Grant #148, Speed Quadrangle
Quad Code: 3808547
UTM Coordinates: Downstream 4254054 North, 607785 East

Statute/Rule: Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
Application # : PL-22748
Lake : Lake George
Applicant : Lake George Marina LLC
Dan Smith
1113 West Maumee Street
Angola, IN  46703

Description : An approximate 275' by 165' area of an existing channel will be restored to its
original condition by removing a maximum of 3' of debris from the lakebed. The
finished channel will have 5' shelf on each shore and a 3:1 slope to a maximum
average depth of 5'. The excavated material will be transported to an upland
detention area where it will be dewatered before being transported to an offsite
disposal area. A boat ramp will also be repaired. Details of the project are
contained in information and plans received at the Division of Water on May 22,
2015.

Location : 15 Lane 130B Lake George
          near Fremont, Jamestown Township, Steuben County
          Section 14, T 38N, R 13E, California, MI-IN Quadrangle
          Quad Code: 4108478
          UTM Coordinates:  Downstream 4624414 North, 666323 East

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake
Rule, 312 IAC 11
Application # : PL-22749

Lake : Simonton Lake

Applicant : Robert Putnam
25037 Aqua Drive
Elkhart, IN  46514

Description : A new glacial stone seawall will be constructed across 60' of the applicant's 60' frontage. The lakeward face of the wall will be located along the lake's legal normal shoreline. The existing timber seawall will be removed. Details of the project are contained in information and plans received at the Division of Water on May 22, 2015.

Location : 25037 Aqua Drive

  near Elkhart, Osolo Township, Elkhart County
  Section 15, T 38N, R 5E, Elkhart Quadrangle
  Quad Code: 4108568
