The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of $0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director  
Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana  46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana  46204

The request must identify the application by either the application # or the applicant's name and the project description.
Application # : FW-27655
Stream : South Fork Patoka River
Applicant : Pike County Commissioners
           Melissa Bryant
           801 Main Street
           Petersburg, IN  47567

Description : The existing single span steel truss bridge carrying County Road 300 West over
the river will be rehabilitated. The rehabilitation work will include the replacement
and strengthening of several truss members, replacement of the bridge decking
and guardrails as well as portions of the end bents and wing walls. No work is
proposed within the channel. The project is federally funded. Details of the
project are contained in information and plans received at the Division of Water
on August 11, 2014 and August 14, 2014.

Location : At the County Road 300 West stream crossing
           near Oakland City, Logan Township, Pike County
           Section 31, T 1S, R 8W, Petersburg Quadrangle
           Quad Code: 3808743
           UTM Coordinates: Downstream 4247911 North, 470327 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312
              IAC 10

Stream : Prairie Creek
Applicant : Master Built Construction, Inc.  
Ron Huser  
415 W Pearl; PO Box 758  
Lebanon, IN  46052

Description : A commercial facility will be developed along the north bank of Prairie Creek to provide additional wash bays for the existing truck wash. The facility will consist of a 50' by 100' truck wash building. The fill will cover a 55' by 110' area and will vary in depth from 0' at the landward edge to 3'. It will be set back 95' from the top of the streambank and will have a finished elevation of 925.10', NGVD. The fill will have 2:1 sideslopes from the finished grade down to the existing floodplain elevations. The lowest floor elevation of the building will be 925.10', NGVD.
Details of the project are contained in information received electronically at the Division of Water on August 25, 2014 and in plans and information received at the Division of Water on

Location : west of the I65/SR 32 intersection.  
at Lebanon, Center Township, Boone County

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

**Description**: Two outfall structures will be constructed near Alexandria Creek to accommodate the storm water drainage from curb and sidewalk construction as a part of the Alexandria Safe Routes to Schools (SRTS) Project. New Curb and Sidewalk will be constructed adjacent to 6th St. which transversely encroaches the floodplain of Alexandria Creek. Each outfall structure will be from the face of curb to immediately behind the sidewalk, or approximately 10'. The pipe will terminate with a metal end section that will conform to the bank slope. The bank slope will be shaped to accommodate the sidewalk. The bank slope will be raised a maximum of 1.5' and have a maximum of 2:1 sideslopes. Erosion control mats will be used to control erosion during construction and sodding will be placed at the pipe outlet post construction. Details of the project are contained in information received electronically at the Division of Water on August 26, 2014 and in plans and information received at the Division of Water on the intersection of 6th Street and Alexandria Creek at Alexandria, Monroe Township, Madison County Section 24, T 21N, R 7E, Alexandria Quadrangle Quad Code: 4008536

**Statute/Rule**: Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
Application # : FW-27671
Stream : Butlers Run
Applicant : Duke Energy
William B Taylor
1000 East Main Street
Plainfield, IN  46168-1782

Description : Approximately 200' of the right descending streambank will be stabilized with riprap to protect the bank from further erosion and to prevent the loss of an electric distribution line and poles. The riprap will be keyed into the streambed at its base and will conform to the existing bank at the project limits. It will have a maximum height of approximately 12', a maximum streamward projection of 2' beyond the existing bank, and 1:1 sideslopes. Details of the project are contained in information received electronically at the Division of Water on August 26, 2014 and in plans and information received at the Division of Water on

Location : approximately 500 feet north of State road 52. Located along the right descending bank
   near Brookville, Brookville Township, Franklin County
   Section 20, T 9N, R 3W, Brookville Quadrangle
   Quad Code: 3908541

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
Application #: PL-22604
Lake: Sawmill Lake
Applicant: David Rau
144 EMS B40 IN
Leesburg, IN 46538

Description: A new 46’ by 50’ underwater beach will be constructed in front of the property of the applicant on sawmill lake to provide a swimming area. The beach will consist of a 4 inch to 6 inch thick layer of (7/64 inch clean, washed pea gravel) placed directly on the lakebed. The beach will begin at the eastern property line and extend west across 46ft of the 93ft lake frontage. It will have a maximum lakeward projection of 50ft or 6ft water depth which ever occurs first. Details of the project are contained in information received electronically at the Division of Water on August 26, 2014 and in plans and information received at the Division of Water on

Location: Project address is 144 eEMS B40 In Leesburg
              near Leesburg, Tippecanoe Township, Kosciusko County

Statute/Rule: Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application #: PL-22605
Lake: Atwood Lake
Applicant: Diana Kendrick
5352 West 400 South
Farmland, IN 47340

Description: A new 50’ rock seawall will be constructed within the applicants 50’ frontage on atwood lake by putting heavy duty geotextile material down and hand place natural fieldstone 2.5’ up and 2.5’ out following the existing legal shoreline. 6 to 12 inch natural fieldstone will be used. all wood and rail road ties will be completely removed and hauled off site. Details of the project are contained in information received electronically at the Division of Water on August 27, 2014 and in plans and information received at the Division of Water on

Location: 445 East 745 South
          near Wolcottville, Johnson Township, LaGrange County

Statute/Rule: Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
