Technical Services Directors  
Project Engineers/Supervisors  
Office of Materials Management

FROM: Mark A. Miller, Director *Mark Miller*  
Construction Management Division

SUBJECT: Adoption of Indiana Manual on Uniform Traffic Control Devices, IMUTCD

On November 21, 2011, the 2011 edition of the IMUTCD became effective. There are several references to the MUTCD in the Standard Specifications which incorporate MUTCD requirements into INDOT and LPA contracts.

Part 6 of the IMUTCD is related to temporary traffic control. It is the intent of the INDOT Standards Committee that Part 6 will be the primary contract document related to temporary traffic control. Over the coming months, a review of all current standard drawings related to temporary traffic control will be performed and the Standards Committee will be tasked with deleting all standard details which either duplicate or conflict with IMUTCD Part 6 requirements.

An electronic version of the Indiana MUTCD is available on the INDOT website at the below link:

<http://www.in.gov/dot/div/contracts/design/mutcd/2011MUTCD.htm>

If there are any questions regarding the content of this memo, please contact the Construction Management Division Field Engineer assigned to your District.
