SUBJECT: Adoption of 2025 Indiana Manual on Uniform Traffic Control Devices, IMUTCD

SUPERSEDES: Construction Memo 12-02

---

The IMUTCD is Indiana's version of the National MUTCD. It incorporates state-specific laws, practices, and engineering standards.

On January 16, 2026 the 2025 edition of the IMUTCD (IMUTCD 11<sup>th</sup> Edition) was approved by FHWA and will have phased effective dates. There are several references to the MUTCD in the Standard Specifications which incorporate MUTCD requirements into INDOT and LPA contracts. Due to the phased implementation please continue to follow the direction provided in the contract documents, including the plans, and use the IMUTCD as needed for supplemental information.

An electronic version of the IMUTCD is available on the INDOT website at the below link:
