CONSTRUCTION MEMORANDUM

District Construction Directors

26-05

District Technical Services Directors

District Area Engineers, Project Engineers/Supervisors

FROM: Gregory G. Pankow, P.E. *p.p. [Signature]*
Chief Engineer of Construction

SUBJECT: Electronic Speed Limit Signs

Due to recent changes in Indiana Law, effective 7/1/26, INDOT will discontinue piloting the use of electronic speed limit signs in work zones. For those contracts with the item included, Construction personnel are directed to proceed to instead use alternate signage as recommended by the Designer or District Traffic Engineer as appropriate. If electronic signs have already been installed, direct the Contractor to remove and replace with alternate signage as well. Do not simply continue to use the sign in a non-variable speed manner. This law change does not preclude the use of flashing work site speed limit assemblies or electronic signs that show the speed that a vehicle is actually traveling in relation to the posted speed limit.

Any questions should be directed to your assigned Construction Management Field Engineer.
