No bidder shall be given a certificate of qualification unless the review of its statement shows that it possesses net current assets sufficient in the judgment of the commissioner to render it probable that it can satisfactorily execute its contracts and meet its obligations.

It is the bidder's responsibility to check the Bid Express website for all amendment files prior to the deadline for bid submittal. This includes amendment files that may be generated as a result of administrative changes to the bidding form, which may not be communicated in a revision letter.

Required items that can not be submitted electronically with the proposal bid to Bid Express shall be attached to an e-mail message addressed to the construction letting email box, or delivered in paper. Items that are a part of the proposal must be received by INDOT not later than the letting date and time prescribed in the Notice to Contractors. Contractors desiring to submit electronic bids via Bid Express must register with INDOT as a valid bidder by submitting the form provided on the INDOT letting information website. A listing of all lettings can be found at <http://www.in.gov/dot/div/contracts/letting/index.html>. Failure to register will cause failure of the Bid Express bid submission process. A bidder may request valid bidder status, by submitting the bidder registration form, until 9:00 AM, local time, on the bid opening date.

BONDS:

An executed bid bond and an executed performance bond shall be included with the bid, except on contracts for roadside mowing, vegetation control, demolition, landscaping, fencing, seeding and sodding, bridge painting, and guardrail installations of \$100,000 or less, the bidder may elect not to furnish a performance bond. A bid bond is always required. Please review Rule 105 IAC 11-3-8, Bid and Performance bonds.

A valid power of attorney letter from the surety company executing the bonds must also be included. In addition, an Indiana resident agent or a non-resident agent executing the bonds must submit with the bonds a copy of their current license issued by the Indiana Department of Insurance. An employee of the surety company may

execute the bonds.
