**DATE:** May 26, 2016

**SUBJECT:** County Compliance Month versus Inspection Month

---

The compliance month is the month that bridge inspections are to be performed for a County. For Counties with 150 or more bridges the inspections can be divided between the compliance month and the following month. The month that these inspections are performed the first time sets the month that those inspections will be due going forward. If you have any questions please contact me.
