

- + -- R/W described as shown will be considered variable R/W
- * -- R/W beyond the first point outside the platted area may or may not be uniform
- D -- Dimension from project centerline to the proposed R/W line
- L -- Dimension from a property corner or lot corner to the proposed R/W line
- W -- A lot dimension (width)
- l -- A lot dimension (length)
- α -- Angle of intersecting lines

R/W THROUGH PLATTED AREA
