

Interchange Type	Night Volume of Ramp ¹ (Avg. / Ramp / Night) ²
Diamond	750
Cloverleaf	375
Directional / Semi Directional	375

Notes:

1. *For a volume lower than that listed, the interchange should only have partial lighting. Partial lighting may also be used at an interchange with a volume higher than that shown in the table.*
2. *For design purposes, night consists of the time between 7:00 p.m. and 7:00 a.m.*

**MINIMUM TRAFFIC VOLUME FOR
COMPLETE INTERCHANGE LIGHTING**
