

| Road Type                 | Distance Between Signs (ft) |      |      |
|---------------------------|-----------------------------|------|------|
|                           | A                           | B    | C    |
| Urban (45 mph or lower)*  | 200                         | 200  | 200  |
| Urban (50 mph or higher)* | 350                         | 350  | 350  |
| Rural                     | 500                         | 500  | 500  |
| Freeway/Expressway        | 1000                        | 1600 | 2600 |

\* Posted Speed Limit of Facility

**Notes:**

- 1 Distance "A" is for marking the location of warning sign "A" up stream from the transition or point of restriction in the construction zone.
- 2 Distance "B" is the location of warning sign "B" upstream from the location of "A" in two and three sequence signing arrangements.
- 3 Distance "C" is the location of warning sign "C" upstream from sign "B" when three or more signs are used within the advanced warning area.
- 4 For four or more signs, the spacing will be determined on a case-by-case basis.
