

920-T-167 SHOP DRAWINGS FOR LIGHTING MATERIALS

(Adopted 02-21-08)

The Standard Specifications are revised as follows:

SECTION 920, BEGIN LINE 616, DELETE AND INSERT AS FOLLOWS:

Six sets of shop drawings shall be submitted for lighting standard assemblies, luminaires, ~~service points, circuit breaker enclosures,~~ and external drive assemblies, ~~and multiple relay switches.~~ A copy of the transmittal shall be given to the Engineer. These items shall not be ordered or installed until shop drawings have been approved.

These drawings will be reviewed for design features only. The Contractor shall be responsible for dimensions, accuracy, and fit of work. The drawings for conventional light standards shall show the shaft outside diameter, height, wall thickness, the arm length rise, size, handhole details, grinding details, materials used, and complete anchor bolt details including bolt circle-projection and hardware. When a breakaway base is required, details shall be shown. ~~Service point shop drawings shall show the arrangement and brand name of each component.~~
