

LABOR MARKET INFORMATION

Understanding the workforce is just as important as understanding your customer. WorkOne can help you with the latest labor market information. Hoosiers by the Numbers, www.hoosierdata.in.gov, is a free online resource available 24/7 that gives you access to the latest economic indicators.

Hoosiers by the Numbers is a great asset in developing and refining your business plan to ensure your business succeeds and grows. Information gathered for Hoosiers by the Numbers can be refined from statewide to local markets. Categories include: economic indicators, educational obtainment levels, employment, income and wages, demographics, industry, labor force, occupations and unemployment.

For more information, contact your local WorkOne Business Service Representative or logon to www.hoosierdata.in.gov to start researching the latest labor market information.

INDIANA CAREER CONNECT

IndianaCareerConnect.com is Indiana's largest source of Hoosier job postings. As a Hoosier employer you can post jobs, access thousands of job candidates and customize searches to find the right individual for free! For more information, visit www.IndianaCareerConnect.com.
