To: Adult Education Partners
Workforce Development Board Directors
DWD Regional Coordinators

From: Regina Ashley 
Associate Chief Operations Officer for Policy

Date: June 23, 2015

Subject: MEMORANDUM
Implementing WIOA; Adult Education policies

While the Workforce Innovation and Opportunity Act (WIOA) becomes effective July 1, 2015, the proposed WIOA regulations do not become final until early 2016. Thus, DWD will refrain from issuing a large number of State-level policies in the coming months while continuing to work collaboratively with the Adult Education community to implement WIOA. DWD will continue to operate under the existing Adult Education policies and associated Technical Assistance Bulletins (TABs) until further notice.

DWD is in the process of aligning all of the Adult Education policies and associated TABs with WIOA. The policy update process will include fully vetting all submitted changes/updates through the policy process.
