

**2013-2014 Adult Education Program Grant Application
Form 5 – Regional WorkINdiana Programs and Providers**

Please complete this form for all WorkINdiana programs your region offers currently or intends to offer in 2013-2014. Replicate the table on an additional page if more space is necessary. To ensure adequate offerings across each region, a minimum of ten WorkINdiana programs must exist during 2013-2014 (see Appendix F – WorkINdiana Certification Framework for approved certifications). These do not have to be 10 unique programs; i.e., there may be a combination of programs that total to a minimum of ten. For example a region may offer two welding programs, four CNA, two CNC, one Truck Driving, and one pharmacy technician program. Regions should be working to add relevant certifications and programs on a continuous basis.

List all programs/certifications offered in the region during PY 2013-14 including:

- A. Name of program and certification earned
- B. Name of WorkINdiana provider
- C. Location of program
- D. Is the program currently offered in the region? New for 2013-2014? Being removed?
- E. Provide justification for why program/provider is being added, removed, or being kept.

	A. Programs/Certifications	B. Provider	C. Location	D. Current/ New/ Remove	E. Justification for adding, removing, or keeping program/provider.
<i>Sample</i>	<i>Production Worker/MSSC</i>	<i>Ivy Tech Community College</i>	<i>New Albany</i>	<i>Current</i>	<i>Good results last year and expect to increase enrollment by 20. Plan to offer this same program in Scottsburg and Henry.</i>
