To Whom It May Concern:

As you know, on October 28, 2011, Fortis Plastics, LLC ("Fortis") provided you with notice that, due to the loss of its credit line and its inability to secure additional capital, Fortis would be forced to fully and permanently close its South Bend, Indiana facility, located at 3615 Voorde Drive, South Bend, Indiana 46628, during the fourteen (14) day period between December 9, 2011 and December 23, 2011. This notice stated that seventy-one (71) employees, including two (2) temporary employees, were currently working at the South Bend facility.

The purpose of this letter is to provide you with an update regarding the closing of the South Bend facility.

Since its first notice to you, Fortis has determined that it will be forced to permanently shut-down the South Bend facility faster than was anticipated. After the original notice to you, eight (8) employees have voluntarily resigned their employment with Fortis and, as a result, there remain sixty-three (63) employees, including two (2) temporary employees, working at the South Bend facility. All of these remaining employees will be terminated on November 28, 2011, when the South Bend facility will fully and permanently discontinue operations.

Should you have any questions, feel free to contact Larry Knight at (574) 485-1153 or Fortis Plastics' Corporate Office at 3615 Voorde Drive, South Bend, Indiana 46628.

Sincerely,

Fortis Management
