Integrating Training and Education?

I need some ideas!

The Workforce Innovation Opportunity Act, our new adult education funding legislation, requires in part that we integrated training and education. Do you need some ideas? We'll have them! Please join us for a professional development day on that topic that will help you and your students:

Day: Tuesday, May 3, 2016
Time: 8:30 am – 3:30 pm
Place: Broadview Learning Center
705 W. Coolidge Drive
Bloomington, IN 47403
Audience: Adult Educators
RSVP: Robert Moore (812-330-7730 or rmoore@mccsc.edu)
by April 30, please)

Morning (8:30-11:30)

Jeff Goulmas from McGraw-Hill Education will demonstrate an online solution to integrating workforce training into the adult education classroom. You'll get a look at the wealth of content you can use, spanning many career areas your students are interested in, as well as practice in using this resource.

Lunch provided

Afternoon (12:30-3:30)

Everyone has a favorite or "go to" lessons. But does it include a training or career pathway component? Master adult educator Sara Gutting will facilitate an interactive workshop to help supplement existing lessons, create new ones, and gather fresh ideas as it pertains to education and training and career pathways. So please bring a lesson plan you use!
