(Recommendations)

"It is always great working with Misty, I never have to worry about her work, its always amazing. Many of our shoots are highly collaborative. If I give her a concept look I want or let her run with her own ideas the work is always outstanding. She is a highly creative soul that is a joy to work with and her work is above and beyond!!!" Jeremiah Laughner Photographer,(jjlaughner studios)

"I have worked with Misty on numerous direct and in-direct projects over the past several years. Her professionalism, great personality and excellent work would make a wonderful addition to any team or project. I highly recommend Misty as an addition to your creative team. Misty has proven herself more than a makeup artist but over all creative art director and conceptual thinker." Jay Gambino Esparza

"I have hired Misty on several occasions with outstanding results. At one time, I hired Misty as a makeup artist for a military short film project I was producing. Little to my surprise, not only did she provide makeup for the soldiers like I asked, she gave the makeup job an extra edge with hints of scars and abbrasions on the faces of the soldiers. The results really stood out onscreen. Misty is a veteran in the art of makeup and she seems to be knowledgeable with many different types of makeup scenarios. Highly recommended!"
Steven Toney Film / Video Producer (Filmwave Imaging, LLC)

"Misty is an outstanding make-up artist with years of experience. I have worked with her on numerous shoots and she can do everything from a clean, minimal look to over-the-top, fantastical creations - there is no limit to her imagination and creativity. Misty is a professional self-starter who understands the value of hard-work, punctuality, collaboration and inventiveness. When I want to be sure that my clients are thrilled with their look - I hire Misty." Polina Osherov
