PRESS RELEASE

FOR IMMEDIATE RELEASE

DATE: December 2, 2009

Released By: Shari Harrington

As part of our ongoing efforts to address the H1N1 Pandemic the Montgomery County Health Department has secured a location to hold ongoing vaccination clinics. Our supply of vaccine has continued to improve and this will enable us to provide more opportunities for those who wish to be vaccinated to do so.

To date we have been supplying vaccine to local healthcare providers for administration to their patients. The local providers have done an outstanding job of reaching their at-risk patients. In addition, a large-scale clinic was conducted at Crawfordsville High School.

We are aware of the challenges faced by those who do not have a local healthcare provider or who are unable to make it to their offices in order to receive the vaccine. We believe the ongoing clinic will greatly enhance the efforts of our local providers and allow us to vaccinate a maximum number of people.

The vaccination clinics will be held at 1616 Crawfordsville Square Drive which is located in the Crawfordsville Square Shopping Center near Trader Buck's. The clinic will be open to those who wish to be vaccinated for the Novel H1N1 or Swine Flu during the following times. In addition, special times will be established for large employers and schools who wish to reserve a time for their employees and students.

This site has been made possible due to the generous support of Lamar Companies, the owner of Crawfordsville Square Shopping Center.
